Ken came over to Rose bed and laid there with me until I fell asleep instead of him leaving me like he said he would he fell asleep with me.

I was awakened at 12:00 at night by a screeching sound at the window so I decided to ignore it and then I heard the screeching sound again.

Ken and I jumped at the same time when the screeching sound kept happening.

Then we both looked at the window there was no branch or anything there.

Ken said “probably it was the window maybe it was something else or we are hearing things.”

I said “maybe?” Ken and I went downstairs to check on Rose.

She was getting a drink and I said “did you hear that weird noises?” she said “yes!” Rose said “I thought that I was just hearing things.”

Ken said “no because Tess and I jumped from the sound and then we came down here to check on you.”

Rose said “I’m fine, but that weird sound scared me!”

Grandma said "I'm going to kill you in your sleep so go back to bed for it not to hurt as bad!"

Ken said "Rose and Tess get up!" I said "what is going on?"

Then Ken pointed to his creepy psycho path grandma with the knife in his hand.

Then I shook Rose to get up and she looked over to her grandma's direction and said

"OMGOSH grandma Kim put the knife down now!"

Then she said I can't because I have to kill you first."Ken through a glass cup at he face and the Ken said "RUN."

We tried to run out the house, but right when we tried to open it Rose and Ken's grandma did something to the door without her hands.

Then Ken said "how did you do that without your hands?"

She said "I was never your grandma I was just pretending."

Then I started to cry and I said "I was never your grandma I was just pretending."

Kim said "oh dang it I meant to go for the wrist."

Then Rose and Ken took their shirts and wrapped it around my arm.

Then Kim started taking all the knives without no hands again and they started flying everywhere.

Then Ken kicked the door down and we ran outside into the woods.

Then I fell on my arm and a stick went into that same spot then it started bleeding a lot and that the creepy lady named Kim that is trying to kill us is in front of us screaming at us.

"Then Rose and Ken helped me to my feet."

I was losing so much blood and it is freezing cold out here so I passed out because I was cold and bleeding a lot and Rose and Ken passed out because it was freezing cold.

Then when we woke from us blacking out we are tied up in chairs with our hands and feet tied up and our mouths have tape on it for us not to talk to each other.
